The Oxygen Air Freshener Dispenser is a system that delivers fresh scent continuously and emits intensely-scented pure fragrance which creates a permanently fresh environment that has fresh impact every time you walk into the room.

When the fragrance molecules are released, they diffuse into the air in the room. Proprietary NeutralLox odor neutraliser molecules eliminate competing malodor molecules, allowing the fresh scent molecules to spread out and fill the surroundings where they linger in the air. The Oxygen Air Freshener Dispenser eliminates bad odors such as tobacco, kitchen odors, sweat, mildew, animal and body odors. It has a compact and contemporary design which complements any room from luxurious lounges to workplace washrooms.

- › Simple to install and refill – just twist and go.
- › Empty refills can be safely disposed of as plastic recycling.
